To Whom It May Concern

This is to certify that Services Inc have successfully undertaken a contract to construct a 900 square metre concrete skatepark at Crestmead Park.

The construction, in the early part of 1999, was approached with the utmost professionalism and workmanship. Both Doug and Warren did more than what was expected of them and conducted themselves throughout the process in an extremely professional manner. I would not hesitate to recommend them for consideration of similar projects within Logan City in the future and would also encourage any future employer to seriously consider their tender.

Yours faithfully

E Hammond
