TO WHOM IT MAY CONCERN

This is to certify that Services (Inc) Pty Ltd have successfully completed the Mount Isa Skate Park design/construct project.

Mount Isa City Council awarded the project to the design which most reflected the desires of the end users and which was in compliance with all the technical requirements and standards. The above contractor showed its expertise in this type of project and demonstrated high levels of professionalism in both negotiation and construction stages. The project was completed to the Council expectation, within scheduled time frame and budget.

I would conclude that Services (Inc) Pty Ltd to be a reliable and confident contractor in this field of work and would not hesitate to recommend them to future clients.

Yours faithfully
